Delco DH2305 "Direct Drive" Series

"Euro-Style portable high-pressure hot water cleaning systems"

Description:

The Delco DH2305 combines exceptional performance and crisp, clean styling. Featuring a direct drive pump and diesel-powered boiler, the Delco DH2305 is ready to tackle the "everyday cleaning jobs" that come your way. Convenient features such as oversized tires, large rotary temperature control knobs, and easy flip-forward hood make this the Hot Water Machine that your crew will want to work with! Built on a rugged steel chassis, the Delco DH2305 is ready to perform year after year!

Key Features:

The Hot Water System

- Clean Burning, fuel efficient vertical combustion chamber utilizes kerosene or #2 diesel fuel.
- Stainless Steel Outer and Inner Burner Wrap, and Stainless Steel Flue.
- Burner Coil Anti-Scale System.
- Coil coated with Silver Silicon.

The Control Panel

- Includes manometer, 3 Warning Lights (Low Water, Low Fuel, Low Anti-Scale Fluid), Detergent Flow Controller, Off-On-Burner On Rotary Switch, and Outlet Water Temperature Controller (ranging from cold water to hot water, and on to steam).

The Pump and Motor

- Delayed Total-Stop System.
- Direct Drive triplex pump with ceramic pistons and brass head.
- Heavy Duty Air Cooled 4-Pole (1725 rpm) Motor.
- Pump and Motor connected by a flexible coupling.
- Built-in upstream (high pressure) detergent injector with detergent/chemical pickup hose and chemical metering valve.

The Tools and Chassis

- Convenient on-board storage for gun, dual lance, high pressure hose, and electrical cord.
- Includes 50' of 5/16" high pressure hose rated for hot water use, trigger gun, and dual lance.
- Stainless Steel Chassis.
