Versa "Super Skid" Series

"stationary/portable hot water cleaning systems"

Description:

The Delco "Super Skid" Series is the true workhorse in today's pressure washer industry. With a rugged and compact design, it's portable enough to be transported to even the remotest job sites. These machines are available in a number of different configurations designed to meet the specific requirements of a wide variety of cleaning jobs, including gasoline and diesel powered versions. You won't find a cleaning machine anywhere as versatile as the "Super Skid".

Key Features:

- Gasoline and diesel engine models available with electric start
- Choice of 12VDC or 120VAC generator versions (see below)
- Rugged square steel tubed chassis with durable powder coat finish
- Fuel filter system
- Heavy duty stainless steel wrapper and control panel
- On-board chemical/detergent injection system with chemical metering valve
- Schedule 80 coil features 1/2 in. Delco domestic pipe with 3-year warranty
- 12 gallon on-board burner fuel tank with 11 gallon on-board gasoline/diesel tank
- Rugged and dependable General triplex pumps
- Overpressure safety relief and hi-temp limit switch
- All models come complete with 50 ft. of high pressure hose rated for hot water use, trigger gun with 36 in. insulated wand and four color-coded cleaning nozzles
- Available options include a wheel kit, thermostatic control and pressure gauge, stainless steel fuel tanks, frame, and 12 volt alternator.
